Q: Get the selection range on a Table - VBA I would like to get the selection range from a Table object. I tried using this but it returns an error: 'invalid type'. My code is as follows: Sub Test() Dim table 1 As ListObject Dim table 2 As ListObject Set table1 = ActiveSheet.ListObjects("Table1") Set table2 = ActiveSheet.ListObjects("Table2") 'I need some code here that will get the selection range from table 1, 'and then use it in table 2 as a selection range 'with the same selection properties End Sub A: You are trying to use the Select method of ListObject when the target is a Range. Set Table1 to a Worksheet and then you are good to go... Try this Sub Test() Dim Table 1 As ListObject Dim Table f988f36e3a
